LETTER CORRECTING OFFICIAL FILING RECEIPT

Sir:

The official filing receipt received in the above-identified application erroneously lists the "Domestic Priority data as claimed by applicant" section as having an inconsistency with PTO records, which is indicated by asterisks.

A review of the file of the instant application uncovered the fact that a clerical error had been made by Applicants at the time of filing in the **Application Data Sheet** under the **Continuity Information** and in the **Preliminary Amendment**. The parent application should read: Application No. **10/342,872**, not Application No. **10/342,372**. It is further noted that the filing receipt for the instant application lists the **filing date** for the parent incorrectly. The correct filing date should read: **01/15/2003**. Applicants believe that the error on the Data Sheet and the Preliminary Amendment caused the inconsistency.

Please issue a corrected filing receipt deleting the line "(*) Data inconsistent with PTO records" and making the needed changes as listed below:

– Domestic Priority data as claimed by applicant

This application is a CON of 10/342,872 01/15/2003
which is a CON of 10/054,590 01/22/2002 ABN
which is a CON of 09/643,639 08/22/2000 PAT 6,353,017
which is a CON of 09/186,223 11/04/1998 ABN
which claims benefit of 60/108,160 12/05/1997 ABN --

A copy of the filing receipt with the correction noted is enclosed.

A new corrected **Application Data Sheet** and **Preliminary Amendment** amending the Specification are enclosed herewith, which Applicants request be made of record.

In connection with the correction, it is respectfully requested that the above-identified application be deleted in the "Child Continuity data" of Application No. 10/342,372 to which the instant application is not related.

Please also note that the parent application was examined in Art Unit 1628, Art Unit 1613 is indicated on the present Filing Receipt of the instant application, and it is respectfully requested that the application be directed to the appropriate Art Unit.

Applicants believe the above-noted error is ascribable to Applicants. Accordingly, the Commissioner is hereby authorized to charge the \$25 fee under 37 CFR §1.19(h) and any additional fees that may be required to Deposit Account No. 19-0134 in the name of Novartis. An additional copy of this paper is here enclosed.

Respectfully submitted,

Receipt is acknowledged of this regular Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Filing Receipt Corrections, facsimile number 703-746-9195. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
